Advancing Racial and Health Equity and Shared Community Power

Ramsey County will develop a countywide approach to improve race-based disproportional outcomes by deconstructing systemic and institutional barriers to be more fair, inclusive and transparent in how we share decision-making power with residents, communities and employees to build a more equitable organization and remove organizational barriers to create fairer, more inclusive government.

PROTECT BASIC HUMAN RIGHTS OF IMMIGRANTS

- Support immigrants and refugees in navigation and access to core programs and wrap around services such as public assistance, housing, medical assistance, basic cash support and safety and protection from domestic violence and with law enforcement. Continue to be welcoming and inclusive to immigrants/refugees and invest in culturally-specific services and community engagement to build stable lives for themselves, their families and to contribute to the communities in which they live. Address barriers that make connecting to services and supports especially challenging for new arrivals, specifically Afghan and Ukrainian communities who are still trying to adjust to their displacement. Further, permanent pathways for Deferred Action for Childhood Arrivals (DACA), Temporary Protected Status (TPS), Deferred Enforced Departures (DED), post-conviction relief for Southeast Asians in repatriation agreements and access to legal representation continue to be unresolved pressing issues for families and communities. Support legislation and policies aimed at keeping families and children together and united as they undergo immigration proceedings.

AFFORDABLE CARE ACT (ACA)

- Oppose legislation that would change or remove essential provisions of the ACA, including coverage for pre-existing conditions, dependent coverage until age 26, no limits on annual/lifetime coverage, no-cost coverage for preventative care and the mandate for individual coverage. Support the local-state-federal partnership structure for financing health care access and oppose measures that shift federal and state costs to counties. This law has proven effective in significantly expanding access to insurance to more low and moderate-income families and individuals. Ramsey County supports premium assistance to help keep the cost of insurance within reach.

ERA RATIFICATION

- Support efforts to ratify the Equal Rights Amendment to provide equal protection under federal law to all people, regardless of gender. The ERA amendment would bolster pay equity, domestic violence laws and pregnancy discrimination protections, among other equity goals.

Advancing Racial and Health Equity and Shared Community Power

Continued.

MEDICAID SERVICES FINANCING

- Support legislation to enhance flexibility in the Medicaid program to support local care systems. Preserve the ability to match local funds and receive targeted supplemental payments and bolster the federal-state-local partnership structures for Medicaid services.

COMMITMENT TO VETERAN SUPPORT AND OUTREACH (CVSO) ACT

- Support legislation providing funding to states to carry out programs that improve outreach and assistance to veterans and the spouses, children and parents of veterans, to ensure that such individuals are fully informed about, and assisted in applying for, any veterans and veterans-related benefits and programs for which they may be eligible.

MENTAL HEALTH

- Support consistent funding for mental health services provided through the Substance Abuse and Mental Health Services Administration, as well as legislation that will increase Ramsey County's ability to provide local systems of care. Funding for the Community Mental Health Services (CMHS) block grant should be funded at current levels or increased to rise with demand for services.
- Support the Mental Health Professionals Workforce Shortage Loan Repayment Act which will reimburse federal student loans up to \$250,000 for those who pursue a career in the mental health field where there are shortages.
- Support legislation focused on helping schools to work with community groups to bring in more mental health professionals, as well as to train school staff to recognize the signs that a student may be struggling and connect them to help.

INFECTIOUS DISEASE FUNDING

- Support efforts to provide local and state governments flexible funding that can be used for public health response and community needs related to outbreaks of infectious diseases. Support a robust and flexible budget package that includes direct funding for municipalities of all sizes to aid in local and state economic recovery.

Putting Well-being and Community at the Center of Justice System Transformation

Alongside the leadership of the community and systems, Ramsey County will strategically align its justice system transformation with community values.

FIREARM REGULATION

- Support legislation to reinstate the Firearms Assault Weapons Ban to take a strong first step in addressing the epidemic number of mass shootings and other gun-related violence. When the 1994 ban sunset in 2004, a surge of automatic weapons shootings occurred, which has not subsided. The ban was effective and should be reinstated.

ICE DETENTION DURING COVID-19 PANDEMIC

- Support the release of immigrants in ICE detention who do not pose a threat to public safety during the length of their removal proceedings, starting with individuals in high-risk categories such as people 60 and over, women who are pregnant, and people with chronic illnesses, compromised immune systems or disabilities.
- Support efforts to ensure ICE detention facilities currently holding detainees are adhering to CDC COVID-19 safety guidelines, are proving effective and timely testing, and offering health supports including medical treatment.

BILLABLE MEDICAL SERVICES FOR INCARCERATED INDIVIDUALS

- Support legislation allowing Medicaid/Medicare funding to pay for all billable medical services for incarcerated individuals. Most of the patients who are incarcerated qualify for Medicaid and Medicare and many have it before incarceration. Keeping Medicare and Medicaid insurance current and active for individuals increases access to care and ability to receive timely care after release, improving healthcare outcomes and decreasing local and county government cost.

Responding to Climate Change and Increasing Community Resilience

Climate change continues to impact the health and well-being of Ramsey County residents, with severity in racially and ethnically diverse and socioeconomically disadvantaged communities. Ramsey County is committed to leading in the mitigation of and adaptation to climate change, elevating environmental justice and fighting against the disparate impacts, particularly in Black/African American, American Indian and other underrepresented communities across the county.

EQUITABLE CLIMATE CHANGE MITIGATION AND RESILIENCE

- Support legislation that addresses climate change, protects and enhances natural environments, addresses the need to expand adaptation and resilience efforts, responds to the potential impact of severe weather events, and promotes sustainability in county operations.
- Support legislation that focuses on increasing use of local energy to create jobs and diversify the local economy.
- Support legislation and funding that addresses reforestation needs for local governments impacted by the Emerald Ash Borer.

LAND AND WATER CONSERVATION FUND ACT (LAWCON)

- Support continued funding through the Land and Water Conservation Fund. LAWCON was established to provide grants for outdoor recreation projects and to date Ramsey County has received nearly \$1 million for park projects.

CLEAN WATER

- Support investment and funding for infrastructure improvements relating to any contamination of water systems, as well as improved corrosion control, lead monitoring and public notification of contaminants in public drinking water. Support improvement of storm water, wastewater and drinking water infrastructure.
- Support passage of the Mississippi River Restoration and Resilience Initiative (MRRRI), which will create a new, non-regulatory Environmental Protection Agency (EPA) geographic grant program to provide federal planning and funding support to enhance river restoration, resilience projects and program activities in the Mississippi River states from the Headwaters to the Gulf of Mexico.

RECYCLING AND ENERGY

- Support increased investments in sustainable and renewable energy. Environmental concerns, particularly climate change, bring waste generation, recycling and energy production into sharp focus. With international recycling markets stalling, federal efforts are necessary to incentivize industry to invest in innovative recycling practices and to spur communities and individuals to reduce waste and engage more intently in local and national recycling practices.

Advancing a Holistic Approach to Strengthen Families

Ramsey County will strengthen families by expanding access to quality consistent early childhood care, education and access to nutritious foods, resources and opportunities.

SOCIAL SERVICES BLOCK GRANT FUNDING (SSBG)

- Support legislation to maintain or increase SSBG block grants at the current funding level. SSBG supports services such as adult protective services, special needs childcare, child welfare and child abuse prevention

SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)

- Support efforts to preserve and expand the SNAP program to address hunger and food security issues for no and low-income residents. SNAP provides food assistance to nearly 63,000 low-income families in Ramsey County. The SNAP Education and Training program, which provides support services (such as childcare and transportation) to SNAP-enrolled students, is a central component to helping families achieve and maintain economic stability.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF)

- Support efforts to increase investment in TANF. TANF funds are a major component of the Minnesota Family Investment Program (MFIP), which provides financial assistance to nearly 18,000 low-income Ramsey County families. TANF also helps pay for childcare assistance for MFIP families and supports county employment services.

FAMILIES FIRST (TITLE IV-E)

- Support efforts to implement full funding and rollout of the Families First promises to address long-standing issues with state and county child protection and foster care systems, including racial disparities of out-of-home displacements. Enriching financial support for prevention, wrap-around services that are culturally attuned is essential to improvements in the nation's child protection and family support programs.

Advancing a Holistic Approach to Strengthen Families

Continued.

PARENTING TIME ORDERS

- Support legislation allowing the use of Title IV-D funds to get parenting time orders set for Recognition of Parentage (ROP) families like what is currently allowed for court-ordered paternity adjudication families. Currently county staff cannot talk about parenting time with ROP parents, except to give them resources to do this on their own, if they do the responsible thing and sign a Recognition of Parentage (ROP).

HUNGER RELIEF

- Support additional funding and policy changes to address hunger and food insecurity relief needs in Ramsey County for children and adults. As a result of systemic racism and other long-standing issues exacerbated by the COVID-19 pandemic, food insecurity continues to disproportionately affect our racially and ethnically diverse communities.
- Support legislation to permanently provide no-cost school lunch to all children.

ADDITIONAL CASH PAYMENTS OR ECONOMIC SUPPORTS TO FAMILIES

- Support legislation to provide cash payments or other economic supports, like the child tax credit expansion, to families in a way that will not make them ineligible for income, food or medical assistance, with the goal of removing barriers so families can self-stabilize.

Intergenerational Prosperity for Racial and Economic Inclusion

Ramsey County will create pathways to intergenerational prosperity for racially and ethnically diverse communities that have historically experienced wealth extraction, with an emphasis on Black/African American, American Indian and other racially/ethnically diverse communities. This countywide approach will focus on racial and economic inclusion in racially and ethnically diverse communities with intentional and strategic investments in residents and businesses.

THE PARK AT RIVERSEEDGE

- Pursue \$26 million from federal partners for acquisition, design, furnishing and construction of a land bridge extension of the public realm space called The Park at RiversEdge. RiversEdge is an innovative public-private project revitalizing the historic riverfront and expanding public access to the Mississippi River. This new nine-acre urban park space includes: expanded public access to the river from the downtown bluff to the shoreline, community gathering space for public events, and trails that connect to the river, the rest of downtown and the other regional park trail systems.

PASSENGER RAIL

- Support increased funding to the Consolidated Rail Infrastructure and Safety Improvements grant program and authorizing the State of Good Repair grant program. Funding for rail improvements from Union Depot in Saint Paul, MN to Chicago, IL, which will enable a second daily passenger train for this corridor, for operating funds and for the completion of an environmental assessment of existing rails.

TRANSPORTATION

- Pursue funding for critical Ramsey County projects. Including but not limited to:
 - Riverview Corridor: Between Union Depot and the Mall of America.
 - METRO Gold Line Corridor (Gateway): Between Union Depot and Woodbury.
 - METRO Purple Line (Rush Line Corridor): Study underway 2023.
 - Bruce Vento Trail: From Buerkle Road to Highway 96.
 - Rice Street Revitalization: From Pennsylvania Avenue to Wheelock Parkway.

DIGITAL INCLUSION

- Pursue and support state and federal efforts and funding for digital inclusion and equity to ensure all residents have access to affordable broadband choices, computing devices and training and internet-safety skill. This includes, but is not limited to: increasing the federal standard for broadband speeds; increasing the availability of high-quality and competitive broadband choices for residents in single-family homes, public housing, and apartment buildings and condominiums, particularly in urban digital desert census tracts; and supporting perpetual funding of the Affordable Connectivity Program (ACP) and other affordable, sustainable and subsidized device ownership programs and multilingual digital literacy navigation and skills training that ensure all residents can participate in the economy and digital life.

Intergenerational Prosperity for Racial and Economic Inclusion

Continued.

HEADING HOME RAMSEY CONTINUUM OF CARE

- Pursue legislation in partnership with the continuum of care Heading Home Ramsey to fund homelessness work over the next five years until more affordable housing comes online. This funding will support:
 - o Shelter capacity for single adults;
 - o Shelter capacity for families with children;
 - o Day service shelter capacity;
 - o Development of a “Familiar Faces” program to address frequent users of shelter and emergency services; and
 - o Critical supportive services for individuals and families seeking shelter.

AFFORDABLE AND STABLE HOUSING

- Support an increase in public funds for affordable homeownership and the production and preservation of affordable ownership housing.
- Support legislation to advance policy and practice reforms that reduce barriers to affordable homeownership, such as reducing the cost of production.

HOME INVESTMENT PARTNERSHIP PROGRAM

- Oppose legislation to change or eliminate the HOME Program, which provides important funding for affordable housing units in market-rate multifamily new construction, foreclosed/forfeit property acquisition, rehabilitation and resale, and down payment assistance to first-time homebuyers throughout suburban Ramsey County cities. Ramsey County is part of a four-county consortium and currently receives approximately \$400,000 per year from HOME, a reduction of more than \$350,000 per year over the past 10 years.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

- Support legislation to restore funding to the US Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG). CDBG supports community development programs for low- and moderate-income families in suburban Ramsey County. Ramsey County currently receives approximately \$1 million, down 50% from historic levels. The county supports the restoration of funding for the U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant.

TAX INCENTIVES FOR THE DEVELOPMENT OF AFFORDABLE HOUSING

- Support passage of the Affordable Housing Improvement Act to increase the development of affordable housing nationwide by approximately 450,000 housing units. The bill provides incentives to developers by increasing the housing credit allocation by 50%, phased in over five years. It would also lock in the 4% LIHTC credit rate for financing with housing bonds and tax credits.
